Goal Subcommittee Update/Discussion

Influence – Michael Gifford agreed to sit down with the subcommittee and discuss involvement with the MDEDC. A date was set for a meeting with Michael Gifford and the Influence Subcommittee – May 31st at 2PM (AGC's Office)

Training/Education – Better communication was one area the general contractors said that specialty contractors could improve on. Due to these comments the council

decided to have Chris Morton, Howell Construction, and Nick Miller, LPR Construction, present to the council at our next meeting – June 8th.

Communicate – Kevin O’Connell, group champion, discussed that the Specialty Contractors Council webpage on the AGC/C’s web link was completed. To access webpage double click of the link below:

This is where the agenda and meeting minutes will be posted. Please give feedback on changes/improvements.

Business Development – Scott Van Deren reviewed with the council the questionnaire that was created by the business development subcommittee to give to the general contractors that will be presenting to the council at our monthly meetings. Also, we discussed the possibility of scheduling LinkedIn training for the council.

We concluded the meeting with general contractor executive briefings by Brad Schenck, VP of Preconstruction at JE Dunn Construction, and Andy McGarrity, principal at McGarrity Gassman Construction Group

- Additional information on the executive briefings are included on the Specialty Contractors Council webpage on the AGC of Colorado’s web link
